

PRO-AM SCORING

Scoring at the Spirit Aerosystems Pro-Am will be slightly different this year. We will still award first, second, and third in both the morning and afternoon waves. However, we will now have one overall winner which will be the only team to receive the propeller trophies. This will be decided by combining the team score from Wednesday with the score of their pro after the 4 days of the event.

Example:

■ Team Spirit	-20	Player name	-5	Total	-25
■ Team DOS	-12	Player name	-10	Total	-22
■ Team PEC	-16	Player name	-4	Total	-20

We will send out an update as to where you and your team sit on the leaderboard after each round. We encourage you to come and follow your golfer during the event!
